## ABOUT ME

**Muhammad Atifullah**, employee number **40116598**, worked as an Assistant Fitter at **Descon Engineering Limited** for a period of **10 months**. During this time, he was actively involved in piping, structural fitting, and mechanical maintenance tasks. He assisted senior fitters with pipe alignment, marking, cutting, and fitting work according to isometric drawings. He gained hands-on experience in using both hand and power tools for various fitting operations while strictly adhering to site safety protocols. Muhammad Atifullah also participated in shutdown and commissioning projects, further developing his understanding of engineering drawings and practical fitting procedures. This period proved to be an important opportunity for him to enhance his technical skills and field experience.

## WORK EXPERIENCE

Assistant Fitter

Feb 2025 – May 2025

**DESCON ENGINEERING LIMITED**

**Muhammad Atifullah** worked as an Assistant Fitter at Descon Engineering Limited for **3 months**. During this period, he assisted in pipe fitting, structural assembly, and maintenance tasks. He supported senior fitters with pipe alignment, cutting, and fitting work while following safety procedures on-site, gaining practical experience in mechanical fitting operations.
